The PNA Ministry Network is a ministry of the Pacific Northwest Association of the Church of God. Our church supports this ministry financially. PNA currently networks about 47 congregations in Washington, northern Idaho, and northeastern Oregon. Their work includes strengthening churches and leaders in order that they will better carry out God's mission. PNA is committed to seeing each and every church becoming healthy, effective and growing. They provide a number of programs and services to this end.

Recognizing the value of leadership, the PNA works to enhance this key dimension of the church, both among career ministers and laity. Their vision is for healthy and reproducing congregations that grow disciples who actively represent Christ in their communities.

Colville Church of God has both supported and received from this valuable ministry.
